## NCR Chapter Info

Founded in 1983, the National Capital Region (NCR) Chapter of the Canadian Counselling and Psychotherapy Association (CCPA) has a mandate to promote networking and professional development. Through monthly speaker meetings and three yearly intensive workshops, the NCR chapter provides outstanding growth opportunities for counsellors, psychotherapists, and related professionals. Professional development meetings provide Continuing Education Credits (CEC) to apply toward maintenance of professional accreditation, including the Canadian Certified Counsellor (CCC).

The NCR Chapter also assists in providing information presentations to students in counselling programs at the local universities and has been a key organizer and host in the huge success of two national CCPA conferences to date.
