10 <i>Ontario</i> (paragraph 1)	Ontario College of Registered Psychotherapists and Registered Mental Health Therapists has released proposed registration regulations for the titles and activities of Registered Psychotherapist and Registered Mental Health Therapist. These regulations are not yet finalized and therefore are not yet enforced.	College of Registered Psychotherapists and Registered Mental Health Therapists of Ontario has published its proposed registration regulation for the titles and activities of Registered Psychotherapist (RP) and Registered Mental Health Therapist (RMHT). The draft regulation is not yet finalized and therefore is not yet enforced.
10 <i>Ontario</i> (paragraph 2)	Based on the Transitional Council consultation version (2012) of the registration requirements, candidates for the title and activity of Registered Psychotherapist (pre-licensure) must show evidence of 450 client contact hours with 100 hours of clinical supervision. There is also a qualifying category available to RPs to allow flexibility in obtaining the required pre-licensure hours.	Based on the Transitional Council consultation version (2012) of the registration requirements, at entry-to-practice, a candidate for a certificate of registration as a Registered Psychotherapist must have completed at least 450 hours of direct client contact with at least 100 hours of clinical supervision. There is also a Qualifying Category available to RPs that allows Qualifying members (those who have substantially completed their registration requirements) to work under clinical supervision while obtaining their minimum hours of direct client contact or clinical supervision.
10 <i>Ontario</i> (paragraph 3)	To obtain a license as a Registered Psychotherapist, 1000 hours of clinical supervision is required. For Mental Health Therapists, 900 hours of clinical experience with one-to-one supervision is required.	To practice psychotherapy independently, an RP must have obtained a total of 1000 hours of direct client contact and 150 hours of clinical supervision. RMHTs must have completed a structured, comprehensive, supervised and evaluated program of clinical experience of at least 900 hours either within their education and training program or subsequent to it.
