A little word about me and what I do / Un petit mot à mon sujet et ce que je fais

My name is Susan Spellman Cann. I am originally from Dartmouth, Nova Scotia but have lived in Alberta for the past thirty years. I am happily married and have two children whom I adore. I love counselling especially adolescents. Have been the department head of counselling at Bishop Mc Nally High School in Calgary for the past five years, but am moving next year to Bishop Carroll High School. In 2007, I became a registered psychologist in Alberta. For a year I did private practice and plan on doing that again in semi-retirement, but for now I thoroughly enjoy being a high school counsellor. It is the best job in the world.

What has CCPA means to me? / Qu'est-ce que l'ACCP signifie pour moi?

CCPA is a professional organization that supports me as a counsellor. The opportunities for professional development are endless and the organization is extremely supportive of counselling and counsellors.

My previous involvement with CCPA / Mon implication antérieure avec l'ACCP

I had the absolute pleasure of Co-chairing the 1999 CGCA conference in Calgary. I also had the amazing opportunity to be a part of the 2009 first Canadian Delegation of Counsellors to China.

Favorite author or musical artist-auteur préféré ou artiste musical préféré

Leo Busaglia is one of my all time favorite authors (for pleasure) as well as Ed Jacobs for Impact Therapy (professionally).
