CCPA Student Representative Application

***Please note that this form must accompany a membership application form
in order for your membership to be processed.***

CCPA has a Student Representative program at Universities that offer master's-level degrees in counselling or related fields leading to certification.

These Student Reps are available to contact if you have any questions about CCPA, its membership, and/or the profession. CCPA Student Reps act as liaison and facilitate communication between the University, its students, the appropriate Provincial Director and CCPA. They engage in activities intended to inform students about the Association and the counselling profession. CCPA encourages and supports Student Reps to be actively involved with the students on campus, with the CCPA National Conference, and with CCPA's Student Newsletter.
