The Canadian Counselling Association & Psychotherapy (CCPA) is a national and bilingual association of professionally trained counsellors and psychotherapists engaged in the helping professions. The association has provided leadership and has been involved in the promotion of counselling and psychotherapy since 1965.

CCPA is dedicated to the enhancement of the counselling and psychotherapy professions in Canada and advocates for the profession with government, insurance companies and employers on behalf of its members. It nurtures formal and informal links with similar organizations in Canada and internationally.

CCPA presently has over 8,500 members across the country. Members who undergo the certification process are eligible to use CCPA's Canadian Certified Counsellor (CCC) designation and accumulate continuing education credits to ensure professional development standards are met.

Many of these CCCs as well as student members and professionals who do not hold a membership and work in a variety of different settings world wide attend our annual conference in order to exchange ideas and best practices, learn about new trends in the field as well as connect with like-minded professionals to prevent isolation.

Develop the field of counselling and psychotherapy in Canada
Facilitate the professional development of people working in the field
Promote the exchange of theories and research in counselling
Encourage the exchange of ideas and information among delegates, as well as between delegates and the CCPA Board of Directors.

The 2021 Virtual Conference aims to:

- Develop the field of counselling and psychotherapy in Canada
- Facilitate the professional development of people working in the field
- Promote the exchange of theories and research in counselling
- Encourage the exchange of ideas and information among delegates, as well as between delegates and the CCPA Board of Directors.

Schedule

Going virtual gives us the opportunity to expand the conference and schedule presentations taking into consideration participant time zones.

A unique opportunity

CCPA 2021 will take place on May 13–15

- Over 100 live and pre-recorded sessions to be available starting on May 1st
- Most sessions will be recorded and will be available for later viewing
- Online exhibit hall enabling video meetings, chat discussions, content exchanges & downloads and polling capabilities
- Ability to network with speakers, exhibitors and delegates during the live conference days

Our online venue will host both live and pre-recorded sessions, and a virtual exhibit space.
Introduce your services & products to practitioners who:

- Work in different health care and educational settings
- Are from diverse backgrounds
- Are at different career stages
- Work with different populations
- Come from both rural and urban settings from coast to coast to coast

Our association provides an opportunity for these professionals working in the counselling and psychotherapy field to participate in an event that is tailored to their needs and gathers an otherwise diverse & dispersed group of people under one roof once a year.

What does the VIRTUAL Conference offer?

Key Benefits

**Longer exposure** - Visibility and interaction during the live event **PLUS** this event will feature live and recorded sessions being presented throughout the month of May, with a full schedule from the 13th to the 15th.

**Expanded Market** - Going virtual opens the door for a larger audience globally, learn from world-class speakers, industry leaders and other attendees.

**Maximize time** - No travel: Access the conference from the comfort of your office or home, on your own time - and save $$$ by avoiding travel expenses.

**Immediate visibility** - Put your brand and company name directly in front of the attendees.

- **Spread awareness**
- **Get exposure**
- **Maximize time**
- **Increase sales**
- **Network**
- **Get live feedback**
By going virtual, we expect to maintain, if not further grow the number of delegates in 2021! We see this as an opportunity to expand access to our members as well as those who are new to CCPA and tuning into this conference for their very first conference.

Attendees typically work in the following fields or in the following roles:

- Education
- Employment and Career Development
- Employment Assistance Programs (EAPs)
- Public service agencies
- Government (Federal, Provincial & Municipal)
- Hospitals & Clinics
- Multidisciplinary Teams
- Private Practice

Our membership includes experts and specialists in numerous mental health areas ranging from ADHD and learning disabilities; marriage counselling; eating disorders; stress, depression, and anger; grief and infertility; weight management and body image; addiction; Indigenous issues; family counselling; career development and management, and much more.
There are many options to explore!

The conference will gather delegates online with the virtual event platform Pheedloop.

Think of Pheedloop as a virtual platform that is meant to cover all aspects of an in-person conference.

Conference attendees will navigate Pheedloop like any type of website: there is a homepage, or “lobby”, navigation tools, and graphics and videos.

Pheedloop also functions similar to other virtual spaces, such as Facebook or LinkedIn. Attendees make their own personal, customizable profiles upon registering for the event.

This provides greater opportunities for networking and connecting with other speakers, attendees and exhibitors.

You can view attendee profiles, send mass messages in the networking section, participate in lobby chat room, and more!
As with face-to-face meetings of prior years, the virtual conference continues to provide an excellent venue for participation and marketing for our sponsors and exhibitors. The Pheedloop online platform provides numerous new and expanded opportunities for exhibitors to get involved and connect with attendees. Customize how you want to advertise and connect with attendees in the exhibit portal.

$275 + TAX AFTER FEBRUARY 28

*includes one conference registration*
For CCPA’s first Virtual Conference they decided to use Pheedloop as our Virtual Platform for the **Conference on May 14-15, 2021**. We will have a Virtual Exhibit Hall giving exhibitors a great way to reach out to attendees.

**Exhibitor automatically get to:**

- Exhibitors will be able to see the list of attendees who visited their booth in real-time. (This list does not include contact information, but it does show who visited the booth.)
- The event organizer (Alene Holmes) can download a report summarizing virtual booth visitor data.
- Exhibitors have their booths open to visitors at any point during the event.
- Exhibitors receive messages from attendees in their booth throughout the event and engage in conversation when they notice someone enter their booth. They can also send poll questions.
- Exhibitors can host private one-on-one video meetings, and attach pre-recorded video content to their booths.
- Exhibitors can participate in Gamification by donating a prize and increase engagement and exposure (see more details on page 10).
Promote your Exhibit and draw more traffic your way by creating sponsored prizes and giving them their own spot codes. Attendees find these codes, enter them into the gamification module in the virtual event system, collect points from a collection of prizes.

**Gamification Engagement Codes** - In Pheedloop’s virtual event gamification system, attendees win points by entering codes that CCPA will sprinkle around the event experience.

- This is a powerful way to draw more exposure to our exhibitors and sponsors. Letting attendees know that they can win points by talking to exhibitors and sponsors in their booths in the exhibit hall. Winners can receive prizes from exhibitors or CCPA.
- The gamification codes are placed in locations such as exhibit booths, within (or after) session streams, in announcements or push notifications, outside of Pheedloop on social media platforms such as Facebook & Twitter, and all creative locations.
